ITEM 4 OTHER BUSINESS ACTIVITIES

BROKER AGENT: Jennifer is a registered representative with XML BD. This enables her to effect securities transactions for a commission in her capacity as a broker agent. She is able to offer brokerage services to both clients and non-clients of XML. When acting in the capacity as a broker agent, she will receive compensation based on the sale of securities and brokerage products including, but not limited to, mutual fund share classes that pay sale charges and distribution or service ("trail") fees, transaction commissions, markup and markdowns on principal trades in bonds and other compensation as detailed in the Reg BI Disclosure document. This creates a conflict of interest as there is an inherent incentive to recommend brokerage products and effect transactions based on the broker agent's compensation. Please discuss any questions regarding brokerage compensation and the related conflicts of interest with this professional. Visit <https://www.xmlfg.com/brokerage-services/> to view the Reg BI Disclosure and additional disclosures and policies.
