ITEM 2 EDUCATIONAL BACKGROUND AND BUSINESS EXPERIENCE

Rob graduated from University of Maryland with a B.S. in Business Management. Rob is the Chief Investment Officer and Co-founder of XML Financial Group ("XML"). He is also a registered representative, principal and CEO of the affiliated broker-dealer, XML Securities, LLC, member FINRA/SIPC ("XML BD"). Previously, he was a registered representative with Purshe Kaplan Sterling Investments. Prior to that he was a Financial Advisor and registered representative with LPL Financial, LLC.

ITEM 3 DISCIPLINARY INFORMATION - None

ITEM 4 OTHER BUSINESS ACTIVITIES

BROKER AGENT: Rob is a registered representative with XML BD. This enables him to effect securities transactions for a commission in his capacity as a broker agent. He is able to offer brokerage services to both clients and non-clients of XML. When acting in the capacity as a broker agent, he will receive compensation based on the sale of securities and brokerage products including, but not limited to, mutual fund share classes that pay sale charges and distribution or service ("trail") fees, transaction commissions, markup and markdowns on principal trades in bonds and other compensation as detailed in the Reg BI Disclosure document. This creates a conflict of interest as there is an inherent incentive to recommend brokerage products and effect transactions based on the broker agent's compensation. Please discuss any questions regarding brokerage compensation and the related conflicts of interest with this professional. Visit <https://www.xmlfg.com/brokerage-services/> to view the Reg BI Disclosure and additional disclosures and policies.

INSURANCE AGENT: Rob is also a licensed insurance agent. He is able to offer insurance products through XML BD, which is also an insurance agency, or through an unaffiliated insurance agency. He is able to offer these services to clients and non-clients of XML. An insurance agent will receive a commission on insurance products sold in accordance with the product's respective commission schedule. The commission schedules typically allow for varied methods of commission payouts. The insurance commissions compensation received is separate from, and in addition to, the compensation he receives in his capacity in providing investment advisory services through XML or securities transactions through XML BD. This creates a conflict of interest as there is an inherent incentive to recommend insurance products based on the compensation rather than the client's need. The affiliated insurance agency will receive a portion of the insurance commission. This creates a conflict of interest as there is an incentive to place business through XML BD versus an unaffiliated insurance agency where it will not receive compensation. The agents must meet training criteria and suitability standards which are reviewed as part of the agency's application review process. Please discuss any questions regarding insurance products, compensation and conflicts of interest with this professional.

ITEM 5 ADDITIONAL COMPENSATION

In lieu of receiving advisory fees or commissions, Rob receives a percentage of the Management Company fee payout, which is based on the combined XML and XML BD company financials. Rob may directly or indirectly receive earn-out or other compensation from the parent company, Focus Financial Partners, LLC.

ITEM 6 SUPERVISION

XML's investment advisor supervisory system includes, but is not limited to, principal approval of new account applications and program agreements, email sample review, outside account review and trade monitoring. This individual's designated supervisor is Brett Bernstein, CFP®, CEO at 301.770.5234.
